Commissioning Statement

COMMISSIONED FOR

Renegade Golf

Attention Kenneth Duncan

kennethduncan@renegade.golf

THE COMMISSION

AMOUNT

Renegade Golf – Lead Excavation and Ingestion

\$500.00

The complete lead history of the business, recovered from five years of email across both inboxes and consolidated with the leads already in Airtable into one clean record set, connected onward to HubSpot by a rail built and proven ahead of the import.

- 01 Corpus survey** – both inboxes swept from 2020 to present against the full query bank, per account and per year, with hit counts returned and a sample extraction approved before the full pass runs.
- 02 Historical excavation** – every tournament, fundraiser, donation and wholesale thread pulled at thread level, with flyer attachments read for the venue and date the email body leaves out.
- 03 Airtable capture layer** – the capture and cleaning surface built out to hold the recovered history, with the schema, the review queue and the confidence flags that separate clean rows from the ones needing a human eye.
- 04 Consolidation and dedupe** – organization names normalized, records matched on contact and domain, prior customers identified against order history and the Airtable leads merged with the excavated history into one record per organization.
- 05 The HubSpot rail** – the push from Airtable into HubSpot built against the pipeline and deal properties standing from FP-2026-001, mapped field to field and proven end to end on a test batch.
- 06 Review gate and handover** – the record set staged for approval with source threads linked and next outreach dates calculated, handed over with a short build record. The full import runs on your word and not before.

The asset – the lead history itself, recovered and owned. Five years of unworked opportunity turned into one clean record set, reviewed and ready to work.

TOTAL COMMISSION \$500.00

DUE NOW · ON COMMISSIONING **\$250.00**

BALANCE · ON DELIVERY \$250.00

PAYMENT

The commission settles in two equal instalments – \$250.00 on commissioning and \$250.00 on handover of the built system. Pay the current instalment by Zelle to (678) 557-9692 and reference FP-2026-002.

Assets, not services. Infrastructure, not deliverables.
