Commissioning Statement

COMMISSIONED FOR

Renegade Golf

Attention Kenneth Duncan

Kennethduncan@renegade.golf

THE COMMISSION

AMOUNT

Renegade Golf – Operating System Architecture

\$500.00

The automation layer built to the workflow specified by Renegade Golf and brought live around the current stack – HubSpot retained as the system of record, connected to Google Workspace and to the capture, research and opportunity-sourcing infrastructure assembled around it.

- 01 Operations reconnaissance** – the current HubSpot setup, the Google Workspace environment and the golf-ball wholesale model, mapped. What each tool owns and where the automation connects.
- 02 Record and pipeline setup** – new leads, current customers, sponsors and golf courses configured and staged inside HubSpot to the intended workflow, with the wholesale account structure for the 10 to 30 box orders.
- 03 Capture and research infrastructure** – the automated layer that captures inbound leads, researches and enriches prospects and writes qualified records straight into HubSpot, stood up and running without manual entry.
- 04 Opportunity-sourcing engine** – the built system that surfaces golf tournaments, fundraising events and buying occasions matched to the golf-ball offer, filing them into the HubSpot pipeline as live opportunities.
- 05 Integration and wiring** – the automation harness connected to HubSpot, Google Workspace and the tools Renegade Golf already runs on, so the workflow runs end to end.
- 06 Calibration and handover** – the workflow tested against real inputs, tuned, and handed over running, with a short build record so it is owned and repeatable.

The asset – the operating system itself, built and live. Owned outright and running across the stack, with a build record so it can be extended and repeated.

TOTAL COMMISSION \$500.00

DUE NOW · ON COMMISSIONING **\$250.00**

BALANCE · ON DELIVERY \$250.00

PAYMENT

The commission settles in two equal instalments – \$250.00 on commissioning and \$250.00 on handover of the built system. Pay the current instalment by Zelle to (678) 557-9692 and reference FP-2026-001.

Assets, not services. Infrastructure, not deliverables.
